Visit your favorite *Destination...* all summer long.

Whether you're **REMODELING** or **PURCHASING** a new pool, our **DESTINATION SERIES** lets you escape to your own private paradise. With an incredible selection of pool liner patterns, you'll be able to turn your backyard into your favorite exotic location. And like all GLI liners, the Destination Series is made to last. So you can enjoy your tropical vacation day after day, year after year.

LINER QUALITY

Using only 20 and 28 Mil virgin vinyl, our craftsmen employ state-of-the-art radio frequency equipment. This ensures that every seam is sealed to last. Special UV inhibitors in our liners help them hold up to the harsh environment in your pool and resistance to sunlight, bacteria, fungus, chemicals and the cold.

THE VALUE OF VINYL

The better the inground liner fits, the better it looks and wears. At GLI we utilize sophisticated computer design and cutting systems. This ensures that your pool liner is custom-fit to your order every time, even around details like steps, cut-outs and other water features.
